

The State Academy of Art and Design Stuttgart is seeking to fill the **permanent position of academic associate for the conservation of works of art on paper, archives and library materials** (pay scale 13TV-L) optimally by January 1, 2018.

**Responsibilities:** The BA and MA study programme is focused on the conservation of works of art on paper and includes archives- and library materials. The academic associate will support students in practical and theoretical education modules, guide them towards independent scholarly work, contribute in the guidance of students in BA-, semester- and MA-projects and contribute in projects of the study programme. An interest in cooperating also within the institute for conservation sciences of the Academy and external partners is expected.

**Prerequisites:** successful completion of a diploma- or masters-level education in paper conservation and specialized skills in conservation practice and didactics, creative initiative, willingness for team work, planning and organizational talent, participation in events, contribution to internal administration of the academy, fluent German language proficiency, good IT- and English language knowledge.

The equal opportunity act requires the Academy to increase the employment of women in artistic/scientific positions. The university therefore welcomes respective applications.

Individuals with disabilities are treated preferentially providing equivalent qualifications.

Applications including CV and information illustrating the professional career (e.g. professional projects, focus areas, etc.) must be received by postal service at the Akademie der Bildenden Künste Stuttgart, Sachgebiet Personal, Am Weißenhof 1, D-70191 Stuttgart or by email at [bewerbung@abk-stuttgart.de](mailto:bewerbung@abk-stuttgart.de) by **September 28, 2017**. If you have any questions, please use this email.
